Aims of General English with Extra Conversation

- Increased confidence, fluency and accuracy in social and work situations
- Practical and relevant everyday language
- Focus on all four skills - speaking, listening, reading and writing

Content

General English:

The lessons focus on reviewing and extending the various language areas such as grammar, vocabulary, listening, reading, writing, speaking and pronunciation, building confidence and fluency through continual practice of the language.

Some attention is also paid to reading and writing skills where relevant but the emphasis is on developing listening and speaking abilities through a variety of classroom activities, such as discussions, role-plays and debates. A mix of pair and group work in addition to whole-class activities increases opportunities for speaking and correction.

Conversation:

An opportunity to develop your speaking skills in a friendly, informal atmosphere. Interesting topics are introduced, with time for correction and feedback.
